Language Arts 英语阅读课 Writing 写作

In language arts, students are continuing their study in reading strategies and using Daily 5 reading instruction to become independent readers. Students select from five authentic reading and writing choices. We are slowly introducing different activities for Work on Writing and Word Work. Students work independently toward personalized goals, while the teacher meets individual needs through whole-group and small-group instruction, as well as one-on-one conferring. These choices include: Read to Self, Work on Writing, Read to Someone, Word Work, and Listening to Reading. Daily 5 classrooms produce productive, highly engaged students who are developing a true love of literacy. Novel studies will continue and will cover these reading strategies or skills: sequencing, character traits, main ideas and details, story structure and close reading. Progress Monitoring for Dibels and TRC begins for reading. 英语阅读, 学生们正在学习阅读策略和使用每日5类阅读活动成为独立的读者。5类阅读活动包括: 独立阅读, 伙伴阅读, 单词, 写作, 听读。学生也将学习阅读文章策略的排序, 人物性格特征和故事结构。
