February Newsletter 二月通讯

Announcements 公告：

Second graders have completed the Middle of year NWEA assessment for reading and math. DIBELS and TRC middle of year assessments will be completed by the end of the first week in February. Individual goal setting for students will begin after all assessments. 二年级的学生已经完成了阅读和数学的一年中NWEA评估。今年的评估DIBELS和TRC中间会在第一周的二月底完成。个人目标设定学生将所有评估之后才开始。

Math 数学

In math, second grade students will explore subtracting within 100 using strategies. They will use a hundred chart, open number line to subtract tens, and ones, add up to subtract on an open number line, break apart 1 and 2-digit numbers to make it easier to subtract mentally, use compensation to make numbers that are easier to subtract and use mental math to find the difference. Lastly, students will apply these strategies to solve one and two-step problems and critique the thinking of others by using math to explain why they are right. They can talk about the math that others do too. 二年级的学生将探索使用100战略中减去。最后，学生将运用这些策略来解决一到两个步骤的问题，并通过数学来解释为什么他们是正确的批判他人的想法。他们可以谈论数学，其他人也这样做。

Social Studies 社会课

In social studies, second graders are studying famous African Americans to celebrate Black History Month through our novel study of Ruby Bridges and a school-wide **Underground Railroad Exhibition**. We are also continuing to learn about a multitude of information through our supplemental Scholastic News magazines. Some of those topics include, Abe Lincoln's two wild sons and how a group of children fought segregation. 在社会研究，二年级正在研究著名的非裔美国人以庆祝黑人历史月。我们还继续了解通过我们的学术补充新闻杂志大量信息。

Language Arts 英语阅读课 Writing 写作

Novel studies: Students will continue to ask and answer text-dependent questions as a reading strategy for nonfiction literature, participate in small and whole group discussions. Examples of this unit's reading comprehension skills are character traits, main idea, details, and nonfiction text structure. We are studying Civil Rights movement leaders such as Martin Luther King Jr., Rosa Parks, and Ruby Bridges. In writing, students are learning to write narratives. 小说的研究：学生将继续提出和回答文本相关的问题作为非小说类文学阅读策略，参与小和全组的讨论。本单位的阅读理解能力的例子是性格特征，主要的想法，细节和非小说文本的结构。我们正在研究民权运动的领导人，如马丁·路德·金。在写作时，学生们正在学习写故事。

Science 科学课

Students will classify and describe objects based on physical properties. Students will be creating anchor charts and observing properties of various objects. We will be creating language which allows students to describe materials by their observable properties. 学生将分类和描述基于物理属性的对象。学生们将创建锚图表和观察各种对象的属性。我们将创建语言，让学生来形容队友通过自己的观察的属性里亚尔。
