March News

Reading

We are continuing to practice blending and reading words up to 6 letters. We are focusing more on memorizing sight words and reading word family words (cat, bat, rat, sat, etc). We are learning how to make predictions before and during reading, identifying key details in stories (such as problem and solution) and sequencing events.

Writing

We will be learning about opinion writing. Students will learn how to write an opinion and state a reason to support that opinion. Students will be working on spelling sight words correctly when writing and using word families and rhyme to help them spell unknown words. We are continuing to segment and record as many sounds as we can when writing unknown words (at least beginning, middle, and ending sounds). We are also continuing to work on other types of writing as well, such as informational writing (All About Writing and How-To Writing) and narrative writing (story writing).

Math

We are continuing working on addition and subtraction facts and word problems. In addition, students will develop fluency for facts to 10 as well as on composing and decomposing numbers to 10. Students will also be focusing on teen numbers.

Reminders

Remember to turn in completed reading logs by the 1st of the following month. Have students visit Raz-kids.com, Superkids Online, and Splashmath.com weekly after homework for extra practice and extension. Please continue to check your child's behavior chart weekly. Your support is essential so that they can be successful in school.
