Dear Room 306 students,

Welcome! We are looking forward to having you in our classes. We hope you will continue your success in learning in the upcoming year. Enclosed is a supply list and summer enrichment packet. Your summer Reading Enrichment

Over the summer, you should read at least 4 books. You must make sure to read two mysteries and two fantasies. They must be completed by the first day of school. You will put together a folder of your summer reading work. For each book you read, you must write a response. Include the title, author, genre, and your choice of a response.

Ideas for writing a response to the literature are: write a poem, write about the main character, write about a lesson you learned in the story, write about a connection between the story and your life, or write a review telling what you enjoyed or did not enjoy about the book.

Writing

Buy a black composition book and decorate it with pictures, stickers and favorite sayings. Inside, write 10 small moments from your summer vacation. Include anything that was fun, exciting, different, or memorable. Write who was there, when did it happen, what happened, and why you chose this moment. Try to have five to ten sentences for each moment. Make sure you include the date of your entry.

Try some of these websites for at least 90 minutes a week.
