

Ms. Liu
Room 206
Third Grade

Week of 9/6/2021

Reading 閱讀

This week we will start our spelling words - short vowels. Students will practice their spelling by using Spelling Tic Tac Toe. We will also read some picture books to help us identify the Literary Elements - characters, setting, problem and solution! 本週我們將開始單詞——短音。學生將會用單詞選項來幫助他們練習。我們還會閱讀一些圖畫書來幫助我們識別文學元素——人物、背景、問題和解決方案！

Math 數學

Every time when we start a new unit, we will have a pre-test. The data can help Ms. Liu to design Personalized Learning Paths for students to learn what they need. This week we will start Place Value Unit. Students will need to be able to identify the value of a digit. 每次我們開始一個新的單元時，我們都會進行預測試。這些數據可以幫助老師設計個人化學習路徑，讓學生學習他們需要的東西。本週我們將開始數位。學生將需要能夠識別數字的值。

Science 科學

In third grade, we will explore Mystery Science lessons to help us think and solve problems like scientists. Mystery question: How do scientists know so much? We will practice observing and asking questions this week. 在三年級，我們將探索神秘科學課程，幫助我們像科學家一樣思考和解決問題。謎題：科學家怎麼知道這麼多？本週我們將練習觀察和提問。

Social Studies 社會

We will begin our Community Unit and the essential question is How does my community shape and impact my identity? The class will begin with a view of the world using maps and globes. We will also be using Google Map and Google Earth to help us to understand better! 我們將開始社區單元，基本問題是我的社區如何塑造和影響我的身份？課程將從使用地圖和地球儀的世界觀開始。我們還將使用谷歌地圖和谷歌地球來幫助我們更好地理解！

Did you know? 您知道嗎？

Great news! Students in Room 206 all turned in their fees! 好消息！206房同學們都交了學費！
