

Important Information Regarding CPS' COVID-19 Signage 芝加哥公立學校有關病毒 COVID-19 的重要信息

As we welcome our students and teachers back into school buildings for in-person learning, we're continuing to take a closer look at the new health and safety practices CPS has implemented to protect our school communities.

當我們歡迎學生和老師回到學校大上課時，我們將繼續仔細實施芝加哥教育署為保護我們的學校區而採取的新健康與安全守則。

To make the transition to hybrid learning as easy as possible, CPS has installed nearly 1.5 million new signs and stickers across 600 campuses to serve as reminders about health and safety protocols everyone must follow in school buildings:

為了盡可能輕鬆地過渡到混合學習，教育署在 600 個校園中安裝了將近 150 萬個新標誌和貼紙，以提醒每一個人在學校內必須遵守的健康和安全規程：

- At entrances and exits, signage will clarify new entrance procedures.
在入口和出口，有標牌闡明新的進入程序
- In the hallways, signs will be posted on the walls and stickers placed on the floor to facilitate social distancing and direct traffic flow.
在走廊上，牆壁上會貼上標語，地板上會貼上貼紙，以促進社交距離和直接交通流。
- In classrooms they will be used as a reminder to maintain social distancing and sanitize when necessary. In restrooms they will reinforce proper handwashing technique.
在課教室中，這些標貼將被用作提醒，以保持社交距離，並在必要時進行消毒。在洗手間，他們將加強適當的洗手技巧。
