SEPT. 15 – OCT. 15 HISPANIC HERITAGE MONTH

Welcome Back !!

I hope your family had a wonderful summer! I am so happy to see the new and "old" faces this year! There is such a positive energy in our school right now and I must say.. Have a wonderful and successful school year.

Professional School Counselor

My name is Yolanda Talley and I am the PK- 8th grade counselor. As the school counselor, I have the privilege of supporting students and families.

Children’s Good Manners Month

September is National Good Children's Manners Month. It is a great time to teach children about courtesy, respect and thoughtfulness. Children learn best by observing parents, teachers, or other adults in their lives modeling the skills for them.

An Elementary School Counselor Helps...

- Students develop a better understanding and acceptance themselves.
- Students develop decision making and problem solving skills.
- Students develop socially and emotionally to mature in their relations with others.
- Students transition to new grade levels and schools.
- Parents understand their child’s emotions, behaviors, and learning styles to assist them in meeting their child’s needs.
- Parents and teachers create a positive learning environment.
- Teachers understand and meet the needs of all students in academic, personal, social, and emotional areas of development.
- Community members establish a positive relationship with the school.
- Connect students and parents to community resources.
