Language Arts 英语阅读课 Writing 写作 In language arts, students are continuing their study in reading strategies and using Daily 5 reading instruction to become independent readers. Students select from five authentic reading and writing choices. They work independently toward personalized goals while the teacher meets individual needs through whole-group and small-group instruction. These choices include Read to Self, Work on Writing, Read to Someone, Word Work, and Listening to Reading. Novel studies will continue and will cover the following reading skills: fact and opinion, character traits, cause-effect, and compare/contrast. Progress monitoring for Dibels and TRC will continue. 英语阅读 学生们正在学习阅读策略和使用每日5类阅读活动成为独立的读者。5类阅读活动包括：独立阅读，伙伴阅读，单词写作，听读。学生也将学习阅读文章策略的排序，人物性格特征和故事结构。

Math 数学 In topic 5 of Envision math, students learn a variety of strategies to subtract fluently within 100. Strategies include using patterns on a hundred chart, open number lines, place values, and partial sums. Students can represent how they break apart and add numbers with hops or jumps on an open number line. 在 Envision 数学的主题3中，学生学习流畅使用各种策略在100内减法。策略包括在个百图表上使用模式，开放数字线 数字位置值。个百图表上的图案可用于加减数字和开发心理数学策略和数字感。此外，两位数字可以分开并以不同的方式加减。学生可以表示他们如何分数字位置值 并在开放数字线上加减跳跃数字。
