### TEACHER'S MESSAGE

Thanks to all who came with us on our field trip last month. We couldn't have done it without you! Please work with your child on the homework each night, but don't do the work for your child. Encourage him/her to do his own writing or drawing. We will have a book report each Thursday night. Please have your child get into the habit of doing their work each night and bringing it to school the next day. Also remember to read with your child each night. They should have a book from our take home library. We want the children to begin good school habits now.

We have run out of paper towels, and would appreciate it if each family could bring in a roll of paper towels for the classroom.

### MONTHLY THEME

We will finish our unit on trees. We have been incorporating Math, Language Arts, Science and Social Studies into our study. At home, you can take a walk with your child and count the number of trees you see. Collect items that fall from trees and sort them or make a beautiful collage with them. Ask your child to describe or draw a tree. Tell your child a story about a tree that you remember as a child.

### DATES TO REMEMBER
