

Bilingual 5th - 8th Newsletter

MARCH

LITERACY 語文

5th/6th graders students will explore literary genres by completing a series of genre studies. The concept of genres is introduced through class discussion and a group project. Students continue to read the novel, **Wonder** to review figurative language, compare and contrast, and use evidence to support their claims.

7th/8th grade students will continue to study Vocabulary weekly and assessed on how well they apply those words in context through both formal and informal assessments. Students still continue to read the novel, **Seedfolks** in which the students will learn how to understand people from different cultural perspectives along with integration of different reading strategies/skills and writing skills.

Math 數學

5th/6th graders will learn Understand and Use Percent and continue to review decimal and fraction number operations.

7th/8th grade students will start learning on writing, evaluating and solving algebraic equations for TOPIC 5 envision and Chapters 1 & 2 - Prentice Hall.

Social Science 自然

5th/6th graders will continue to finish up learning the map skills along with reading the nonfiction text, **Who Was Sacagewea?** as she traveled with the Lewis and Clark expedition. Then, they will start to read another new nonfiction text, **Who Was Abraham Lincoln?** about the US. President.

7th/8th graders will start learning Constitution and still continue to read the nonfiction text, **I am Malala** (India).

Both classes will learn more facts on the US Census and Presidential Election of 2020.

ATTENTION: Any absentee from 310 or 306 can get access to **Google Classroom** (access class code- **vda7tu**) for the lesson review and homework for the day.

Science 科學

5th/6th graders will learn all about classification and scientific names.

7th/8th graders will learn velocity, acceleration, and forces.

The students will have IAR (Illinois Assessment of Readiness) in March. For more information and practice tests, please go to this site:
