SEPTEMBER NEWS

Language Arts

We will begin our year with an “All About Me” unit to help students become familiar with their classmates. We are also focusing on alphabet knowledge including identifying, writing, and matching letters to sounds. We are working on print concepts, phonemic awareness, blending sounds to read words, and reading behaviors. This month we also start to work on identifying key details from a story, such as characters and setting. The first thing we will focus on in writing is including details in pictures that we draw. We will learn how to label pictures using letters and words.

Math

We are focusing on identifying, writing, sequencing, comparing, and counting numbers. We will start to learn daily math routines like calendar activities, counting days of school, days of the week, etc.

Social Science

We begin our year with an “All About Me” unit to help students get to know each other and build community in the classroom.

You're off to
great to great
places.
Today is
your first
day! Your
mountain is
waiting, so
get on your
way!

BIRTHDAYS STUDENT OF THE WEEK

Student of the Week:
117- 9/23 Isabella
Huang
9/30 Parsons
