

Mrs. Jennifer Perthel

Grade 4 - Room 201

Week of September 28 to Oct. 2

ELA

Paired Text: The Dirty History of Soaps: Synthesizing skills, text feature skills and a Learning Journey slideshow.

Kahoot skills: making predictions. Greek and Latin Skills Lesson 3

1 2
3 4

Math

We have started Topic 2: Adding/subtracting Multi-digit whole numbers. We are learning break apart, compensation and counting on strategies to add and subtract mentally and faster.

We will also apply the identity, commutative and associative property.

Everyone should have a notebook to get notes and to practice skills.

Science/SS

Social Studies Weekly. Weekly News report (local, state and federal news with someone who did something good for another.) Social Studies weekly: Purpose of Government, Voting and Election and Conflict and Resolution.

SuperScience: Bionic Beasts: How did engineers help animals walk again? 4 Questions to answer. Video to watch. Engineer science game about the engineering design process. Finally, research on an animal that had prosthetics .

Reminders

Please remember to fill out census report. Every person counts. Also, please pick up your child's math book and other materials, Wednesday, 9/30 from 12 -3 pm.

Make sure your math book is Volume 1.

Celebrations

Everyone have access to Dreambox, and Savvas. Majority have read books in Epic. We finished Topic 1 in Math! We learned about character traits. We had breakout rooms.

A shoutout to all the parents for getting forms filled out and for picking up their child's materials like their math book.

Star of the Week

Grant Russell has consistently been to all meetings. He asks questions to clarify his understanding. His flipgrid presentations are great! .
