Word Study Focus: Suffix -ology (test Friday)

- ★ Student Weekly Syllabus: [Weekly Plan](#)
- ★ Office Hours: 2:25-2:35 PM Daily.

Math - Agostinelli

Celebrations

Students discovered a lot about dividing decimals over the past two weeks. We will build on that this week with two-digit divisors and then we will shift to decimal divisors. Pattern-seeking will play a key role in understanding how place value is impacted in decimal division.

Happy Birthday, February Stars!

2/15 - Jason Qiu
2/28 - Rena Lin
2/19 - Avah Duako

315 Math meets DAILY from 9:30AM-10:15AM (M,T,TH,F)

Star of the Week

Science/SS - Yau

Science: Patterns of Earth and Sky Unit:

Students spent time with diagrams and models in order to continue to make sense of the properties of molecules. They will discuss how accurately the models they've already experienced represent chromatography and be presented with 3 new models to explain if it fits with the information about molecules.

315 Science Meets DAILY from 11:00 AM - 11:30 AM (M,T,TH,F)

Social Science:

Students will work in groups to learn about the Founders of the Article of Confederation and reenact the Great Compromise. Each group will also research and gather information on one unsung African American hero for the Black Excellence Expo.

315 Science meets DAILY from 11:30 AM - 12:00 PM (M,T,TH,F)
