Math -  
Agostinelli

We will finish Topic 7 this week. Students have learned how to estimate and solve to find sums and differences of mixed numbers. This week, we will apply that learning to various situations to give students a chance to model with mathematics.

We will begin our review for the Topic 7 Test, which will take place next week.

<http://bit.ly/MsAgostinelli> 315 Math meets DAILY from 9:15AM

Celebrations

Happy Birthday Yuyu - 3/19

This month we have special guest speakers from the Peace Exchange Program. Thank you Ms. Talley for organizing this for us. Students will learn strategies to build peaceful communities.

Science/SS - Yau

Science: Patterns of Earth and Sky Unit:

Students were given multiple ways to consolidate their understanding of solubility. They will reflect on the two nanoscale models of solubility and their own created models. Now they are ready to write to the president of Good Food Production, Inc. explaining which ingredients could be used in their salad dressing and still achieve the desired property of having no sediments. 315 Science Meets DAILY from 11:00 AM but on Wed. we meet at 10:00AM

Social Science:

Students will study the implementation of the new government in the country. The United states was a growing quickly. Governing is different from revolution, This week they will learn about amendments 3,4,and 6-10. 315 Science meets DAILY from 11:30AM but on Wednesdays we meet at 10:30AM

Star of the Week
